### FROM THE CHAIRMAN'S DESK

In order to succeed, we must first believe that we can.

It's a matter of great pride to pen down the message for Newsletter of KLSPS.

Education is the basis of all progress. Its purpose is to inculcate humanitarian values, wisdom, compassion, courage and reliability in students. Academic excellence along with active participation in co-curricular activities complete the process of education and it gives me immense pleasure that the school is progressing in all its endeavours towards the overall development of the students. The seeds of an idea sown in 2011 have quickly grown into strong saplings. The school has marched forward to spread the light of education and pave the path of excellence for every student. It is heartening to see the achievements of the students and the school's progress throughout the year.

I hope the school graduates will become leaders of their chosen fields and contribute positively towards the progress of our nation and of humanity at large.

May the beacon of truth and knowledge show us the right path.

Warm Wishes

**Shri. Prashant Kulkarni**  
Chairman - GC, KLSPS

### FROM THE PRINCIPAL'S DESK

Dear Reader,

School is where a child not only learns different subjects but also, picks up valuable life skills. Where else would they develop their oratory skills, confidence, language and kinesthetic abilities? We provide a plethora of opportunities encouraging children to broaden their horizons by exploring the

unchartered territories. Thus, the learner moulds into a confident seeker who seeks opportunities to harness his or her 'Potent Potentials'.

KLSPS aims to develop a versatile individual who is ready to face the demands of the world for life. We encourage possibilities for everyone through integration of teaching & learning, that leads to a holistic development; this is beneficial to adapt to the diverse and ever-changing world.

Let's spread our wings, break limitations and soar to great heights together.

P.S: The newsletter is a compilation of student's work through academic classes. It is our endeavour, through this newsletter to bring a few selected students write up & other literary pieces to you.

# Parts of Speech

Every name is called a noun

As field and fountain and street and town

In place of noun the pronoun stands

As he and she can clap their hands

The adjective describes a thing

As magic wand or bridal ring

Most verbs mean action, something done

To read and write, to jump and run

How things are done, the adverbs tell

As quickly slowly badly as well

The preposition shows relations

As in the street or at the station

Conjunctions join in many ways

Sentences words or phrase

The interjection cries out 'heed!'

An exclamation should follow me.

## BOOK-REVIEW

Name of the book : Percy Jackson and the Lightning Thief

Name of the author: Rick Riordan

**Summary:** This book tells the story of Percy Jackson, a teenager who discovers that he is a demigod, the son of Poseidon. As Percy navigates the world of Greek Mythology, he embarks on a war among the gods and retrieve Zeus's stolen lightning bolt. The book combines adventure, humour and elements of Greek Mythology.

**My Favourite Character is:** "Percy Jackson". A witty and loyal demigod, the son of Poseidon. His journey from a confused 12-year-old discovering his divine lineage to a formidable hero is marked by bravery, a sharp sense of humour & a strong moral compass.

**Moral:** On his journey, Percy learns to trust himself and others & to build trust in others.

## Nag Me Not

Don't give children so many instructions

That our brains forget its function

Give us some freedom

So, we don't throw a tantrum

Don't keep over-checking in on us

We are not doing anything suspicious

Don't make us study all the time

We will be just fine

## How My Day Goes?

I slowly slept in the calm night,  
Same fireflies came in with same light  
The full moon was shining above my head,  
And I said "sweet dreams" to my cozy bed.

The sun was rising in the morning sky,  
And twinkling stars had started to die.  
I first finished all my day's boring chores,  
And started to search my uniform behind the doors.

And this is how my day goes,  
In the afternoon I doze.  
The sunset comes close  
in the beautiful river which flows.

I jump on my bed and close my eyes,  
a restless wonderful dream lies.  
The morning birds chirp cries,  
A gleaming smile, on my face ties.

## The Studying Mantra

The journey of learning never ends. I would like to share an important trick which I feel will help in our learning process.

- 1) what I know I know: understanding our strengths is the first step towards studying. Think about subjects/topics where we shine. This helps us feel confident.
- 2) what I don't know, don't know: We should admit our weakness and accept our fault. We should not assume that we know everything.
- 3) What I don't know I'll not assume that I know: I will always ask questions for my understanding. We should not pretend that we know everything. Clarify the doubts.

By adapting this mantra, you are not only studying; you are actively participating in the adventure of learning. Happy learning everyone.

## ನನ್ನ ಅಪ್ಪ

ನಾ ಧರೆಗಿಳಿದು ಬಂದ ಕ್ಷಣ

ಸಿಹಿ ಹಂಚಿದ ವೀರ

ನಾ ಅಂಬೆಗಾಲಿಟ್ಟಾಗ ಕಣ್ಣಲ್ಲಿತ್ತು

ಪ್ರೀತಿ ಅಪಾರ

ನಾ ಕೇಳಿದ್ದನ್ನೆಲ್ಲಾ ಕೊಡಿಸೋ ಸಾಹುಕಾರ

ನನ್ನ ಅಪ್ಪ ಸಾಹುಕಾರ

ಪ್ರಪಂಚಕ್ಕೆ ಅವರು ನನಗೆ ಅಪ್ಪ

ಆದರೆ ನನಗೆ ಅವರೇ ಪ್ರಪಂಚ

ಅಂಜಿದಾಗ ಧೈರ್ಯ ಕೊಡೋ ವೀರ

ಅಳುವಾಗ ಬಂದು ರಮಿಸೋ ಅಪ್ಪ

ಎಲ್ಲರನ್ನು ಪ್ರೀತಿಯಿಂದ ನೋಡಿಕೊಳ್ಳುವ ತಂದೆ

ನನ್ನ ಅಪ್ಪ ನನ್ನ ನಾಯಕ.

## Books

Books are the best! They lay a base for our future. At first, I was not fond of reading books until I received a set of books as gift. Since then, I am in love with books. Reading books is very important as it helps us concentrate, understand and improves our mental health too. It boosts our thinking skills, vocabulary and clear pronunciation. Books are the most wonderful, amazing, mesmerizing gift one can give. I love books that are adventurous and thrilling fictions. I always dream of writing a book and maybe it will be fulfilled in the future.

## Innovations In Sustainable Living

In era marked by environmental consciousness, innovations in sustainable living are paving the way for a greener and more eco-friendly future. From ingenious technologies to simple yet impactful lifestyle changes, individuals and communities are embracing practices that reduce their ecological footprint.

One notable innovation is the rise of green architecture, where buildings are designed to maximize energy efficiency and minimize waste. Living walls, solar panels and rainwater harvesting systems are becoming common features, transforming structures into eco-friendly hubs. Additionally, advancements in renewable energy sources, such as solar and wind power are making sustainable energy more accessible and affordable. On a personal level, the zero waste movement is gaining momentum. In the transportation sector, electric vehicles are revolutionizing the way we move. Cities are also investing in bike-sharing programmes and pedestrian-friendly infrastructure to encourage eco-friendly commuting.

The journey towards sustainable living is an ongoing one, but with continuous innovations and a shared commitment-a more sustainable future is within reach.

## My School

The name of my school is KLS Public School. It is one of the best schools in my city. The school building is very big and beautiful. There are 22 classrooms and a big library. There is a science laboratory and a computer laboratory. The teachers here are very kind and helpful. Our principal ma'am is cooperative and helps us to become good children. We have one big playground and a small playground. The atmosphere of my school is very suitable for studies. I love my school very much.

Syrups are concentrated aqueous solutions of sucrose or other sugars. Syrups may be simple or medicated. Simple syrup I.P is a concentrated aqueous solution of sucrose in water. Medicated syrups consist usually of nearly saturated solutions of sucrose mixed with solution of medicaments and other substances obtained by various means. Simple syrup may be made aromatic by adding appropriate ingredients to it. Aromatic syrups are made by dissolving sucrose in the solution of flavouring agents. They are concentrated solutions of sucrose or other sugars in water, such as syrups are called simple syrups. Glycerin, sorbitol and propylene glycol in small quantities are added to syrup to prevent the crystallization of sucrose or even to increase the solubility of medicinal ingredients. Syrups are used as sweetening agent. They are good antioxidants and preservatives syrups are good demulcents and soothing agents.

## My visit to Dandeli

I had a memorable 3-days trip to Dandeli which is 90kms away from Belagavi with my family and relatives recently. We played dumb charades and memory game kind of games on the way. It's such a fun to be with our cousins. Within couple of hours, we were at a resort which was full of greenery, plants around and cool atmosphere. We took selfies while we walked around. It was quite a sunny day and pool was at our service. We enjoyed swimming in the pool. It was time for snacking, we enjoyed some delicious snacks and went for sight-seeing around the river. We saw many crocodiles. Next morning, we went for water sports. I played rafting, boating, kayaking and zipline. I was scared in the beginning but it was a great experience. We returned to our rooms and rested for some time. It was almost dark. Later we danced around campfire and enjoyed the evening. It was an amazing trip for all of us.

## ART: An Inspiration

Art is always fun and interesting. Art is an inspiration. It lifts up our mood. The beautiful colours attract our eyes. It is the best way to express ourself. Art gives us the actual meaning to our lives. It is created with our imagination. It also helps increase our thinking skills through which we can express many innovative ideas. It is one of the most entertaining pass-time activity that makes us active and energized. It has the power to change the way we see the world, awakening us to new changes and our perspective towards our surroundings.

### *Let's make our children free from 'Nomophobia'*

Social media is double-edged sword. On one hand it offers many benefits for our children, such as increased connectivity, access to information and opportunities for self-expression and learning. On the other hand, it also poses many risks, such as addiction, bullying, peer pressure, self-esteem issues and abuse.

I would like to share few tips to avoid children from using mobile phones. Elders should avoid using phone and interact with children to find out how did they spend their day and what was the best thing that they learnt on that particular day. These interactions with your child are crucial in creating a strong parent-child relationship. Encourage playtime by engaging them in more physical activities wherein they develop their mental and physical health. Ensure children finish their homework and reading before they get on to the mobile phone. Maintain a strict smart phone schedule with parental control features which would avoid children from spending more time on screen.

## PARENTS REVIEW

I am delighted to share my positive experience and satisfaction with KLSPS. One of the key strengths of KLS Public School is its commitment to academic excellence. The dedicated and experienced faculty members create a conducive learning environment, fostering intellectual growth & development among students. In addition to academic achievements, KLSPS places a strong emphasis on sports, recognizing the importance of physical fitness & teamwork. The school's sports programs are well-structured and inclusive, allowing students to explore their athletic talents & encouraging a healthy lifestyle. From music & arts to debate and science clubs, the school offers a plethora of options for students to engage in activities that align with their interests & passions. The administration & staff are dedicated to the well-being of the students, fostering a sense of community & belonging. The communication between teachers & parents is excellent, keeping us informed about our child's progress & any developments within the school community. Overall, I wholeheartedly recommend KLSPS to any parent seeking an institution that prioritizes academic excellence, sportsmanship, & a diverse range of extracurricular activities. My daughter's experience has been enriching, & I am confident that the school will continue to uphold its reputation for providing a well-rounded education.

**Suraj and Manali Raghoche**  
Parent of Anvi Raghoche, Class-LKG

KLSPS is known for providing quality education under the CBSE pattern. The school is aptly following NEP directives. I am satisfied that it was a good decision to enroll my son to KLSPS. The school is nicely guided by Karnatak Law Society, for its development. Teachers and supporting staff thrive in providing good learning environment conducive for overall development of a child, be it academics, sports, co-curricular. I wish KLSPS achieves more accolades.

**Prof. Abhishek Deshmukh**  
Parent of Abhed Deshmukh Class-3

As we got transfer from Hubli to Belagavi, we selected KLSPS for our kids after visiting all schools in Belagavi. Now it is proven that ours was the best decision. KLSPS is a place where children get opportunities in all the areas with a great support and encouragement by teachers. All teaching and non-teaching staff are very co-operative and dedicated who are working under the caring and supportive principal. The principal is very disciplined and has keen observation on every student. I want to conclude with- if our kids follow the guidance given by the dedicated teachers and work hard, definitely they will achieve their goal. I wish good luck and more progress of the school in future.

**Mrs. Archana Girish.**  
Parent of Aprameya and Varuni G. N., class-7

Education is the most powerful weapon which you can use to change the world. So, it starts from school. The school plays very important role in every child. Teacher activates the magnets of curiosity, knowledge and wisdom in the pupils for overall development. In KLSPS principal is very encouraging and supportive. My daughter loves the school and the staff. We are very happy with overall academics, curriculum, outdoor & indoor activities. We are able to see the overall growth in our child. Thank you KLSPS Fraternity.

KLSPS has been doing excellent in almost all fields in giving a lot of exposure to the children. In the recent years it has improved in planning and organizing academic programmes. All teachers remain engaged and display good effort in taking care of the students. This school offers moderate fee structure which I believe is affordable for almost all parents who want their children to get educated in a CBSE curriculum. The school keeps Indian culture at the top of its priority and celebrates all festivals with great fervour and enthusiasm. It goes without saying that when the parents are indeed occupied with their ever-demanding professions today, the cultural development of the students doesn't stop as the school keeps it up being on the driver's seat. Apart from the competitions that are held within the school, it also engages with various activities, examination, challenges conducted by institutions that continuously organize state, national and international level contest. I believe my decision was right when I concluded to enroll my child in this school around 6 years ago. I wish KLSPS all the very best and may it continue to produce responsible citizens.

We appreciate KLSPS for its unwavering commitment to providing a nurturing and stimulating learning environment for our daughter.

The dedicated teaching staff's efforts in fostering both academic excellence and personal growth of every child is commendable. The diverse range of extracurricular activities offered contributes significantly to our daughter's all-rounded development

We extend our heartfelt appreciation to the entire school fraternity for contributing to our daughter's growth and education in such a positive and enriching manner.
